

# IMC Capability Statement

Innovative Management Concepts, Inc. (IMC) has 32 years of successful performance on more than 120 Federal prime contracts since 1989. IMC has provided its Federal and commercial clients with cutting edge information technology solutions by placing a high priority on modernization, enhancing business processes through technology, and creating efficiencies through automation.

IMC's experience covers a wide range of services including:

- Managed IT Services, Using ITIL Processes and Best Practices
- IT System and Network Development, Management, and Modernization
- Software and Web Development (Agile, including SAFe)
- Business Intelligence and Data Analytics, including Data Management and Knowledge Management
- Software Quality Assurance (SQA) and IV&V
- System, Software, and Cloud Cybersecurity, including Cyber Compliance and Governance
- Cloud/Hosting Services and Data Center Professional Services
- Program Management and Strategy, including IT and Data Governance

IMC has provided IT solutions and services to the Departments of Defense, Energy, Health and Human Services, Homeland Security, Justice, Transportation, Treasury, Veterans Affairs, and the General Services Administration.

*The breadth and depth of experience in our core services makes IMC a low-risk, high-reward choice for Government IT contracts/task orders.*

## IMC Differentiators

- IMC has a Defense Counterintelligence Security Agency (DCSA) Top Secret Facility Clearance, Defense Contract Audit Agency (DCAA)-audited indirect rates and approved accounting system for cost type contracting, and a third-party CPA-approved estimating system.
- IMC has been appraised at Maturity Level 3 of the CMMI Institute's Capability Maturity Model Integration (CMMI)<sup>®</sup> for Development (CMMI-DEV) and Services (CMMI-SVC), demonstrating we are a process-driven organization and a mature provider of IT solutions and services to existing and potential clients. **Our defined standard process frameworks ensure that best practices are not only adopted once but captured over the long term.**
- IMC's commitment to quality is evidenced in our International Standards Organization (ISO) certifications: *ISO 9001 Quality Management, 20000-1 IT Service Management, and 27001 Information Security Management*. These certifications demonstrate that **IMC has established, verified standards of quality and capability.**
- IMC understands IT best practices and we use them to help clients overcome technology challenges and resistance to technological changes. We have a large group of certified Project Management Professionals, experienced ITIL practitioners from Foundation to Expert, and multiple IT and cybersecurity certifications.
- IMC has a successful track record of attracting and retaining top talent, with an excellent benefits package and positive team working environments.
