OUR MISSION:

To improve the performance of federal agencies to impact the health and well-being of the populations they serve.

Partnering with federal leaders to implement impactful programs for Service Members, Veterans, their families, and caregivers.

Who We Are

Prometheus Federal Services (PFS) is a certified Service-Disabled Veteran-Owned Small Business (SDVOSB) established in 2014. PFS specializes in assisting federal clients with healthcare transformation, innovation, technology, and quality improvement initiatives, programs, and projects.

Services That Make a Difference

PFS collaborates closely with federal leaders to enhance access to and awareness of Veteran health services. This encompasses critical areas such as women’s health, oncology/cancer care, pain management/opioid safety, mental health/suicide prevention, and emergency preparedness. Our team partners closely with clients to strategize and implement initiatives aimed at enhancing various aspects of the health system, including workforce development, technology integration, internal and external communications, and research operations.

Our approaches and innovations are often derived from Project Management Book of Knowledge (PMBOK®), Lean Six Sigma, Prosci® Change Management, Human-Centered Design (HCD), and International Organization of Standardization (ISO) frameworks, methodologies, and tools. PFS is ISO 9001:2015 certified for Quality and Service Excellence.

PFS delivers on issues related to:

- Integrating and managing enterprise research priorities and operations
Enhancing health outcomes and experiences through quality improvement initiatives
Improving access to health and benefits services
Implementing change management strategies to introduce new technologies into frontline operations.
Improving organizational culture with a focus on inclusion, diversity, equity and access
Deploying clinical and non-clinical resources in support of critical workforce needs
