Generative AI

- Company Overview
- Capabilities
- Our Clients
- Our Works
- Leadership
- Contact Information

Background

Our team has been developing Machine Learning enabled systems since 2015 and since the introduction of Generative AI, our team has leveraged the best of breed technology to support federal agencies' mission.

Features

- Retrieval-Augmented Generation trained on specific dataset
- Offline capable small language models
- Fine-tuned AI models that can be deployed within customer tenant

GSA Fleet Management

Public URL: gsafleet.gov

The screenshot shows the GSA Fleet Management application interface. At the top, there is a navigation bar with the GSA Fleet logo and a user profile for Alexander Winton. Below the navigation bar, there are tabs for Offerings, Manage My Fleet, Vendor Partners, and Tasks. The main content area displays the license plate HUD-23827 with an expiration date of 03/2028. A search bar is available for license plate lookup. The interface includes sections for License Plate A and B status (both Attached), Expiration date (03/2028), UNICOR order (45174730), and Last updated information (Debbie Tyler, 04/17/21, 3:03 p.m.). Below this, there are sections for VEHICLE and AGENCY details. The VEHICLE section shows VIN 4Y1SL65848Z411439, Vehicle status Active, Year 2020, and Make Chevrolet. The AGENCY section shows Agency Department of Housing and Urban Development and Bureau National Commission on Neighborhoods.

License Plate HUD-23827		EXPIRES: 03/2028
License plate A status	Attached	
License plate B status	Attached	
Expiration date	03/2028	
UNICOR order	45174730	
Last updated:	Debbie Tyler • 04/17/21 • 3:03 p.m.	

VEHICLE	
VIN	4Y1SL65848Z411439
Vehicle status	Active
Year	2020
Make	Chevrolet

AGENCY	
Agency	Department of Housing and Urban Development
Bureau	National Commission on Neighborhoods

○ Company Overview

○ Capabilities

○ Our Clients

● Our Works

○ Leadership

○ Contact Information

Background

The GSA manages over 650,000 vehicles, and our solution sought to make their task easier and more efficient. Since 2020, we supported the transitioning from the legacy system to a cloud-first architecture to meet the future needs.

Features

- Human-Centered Design (HCD) using the United States Web Design System (USWDS)
- Microservice architecture
- DevSecOps Pipeline
- AWS, GraphQL, Postgres, React
- 508 Compliant and responsive design

Head Start Grant Monitoring

USPTO.gov

Public URL: uspto.gov

Background

With 2.4 million visits monthly, USPTO.gov is high a profile website and our team built and supported it since 2015. We migrated it to AWS and our work is **recognized as the "world's most accessible IP office web platform"**.

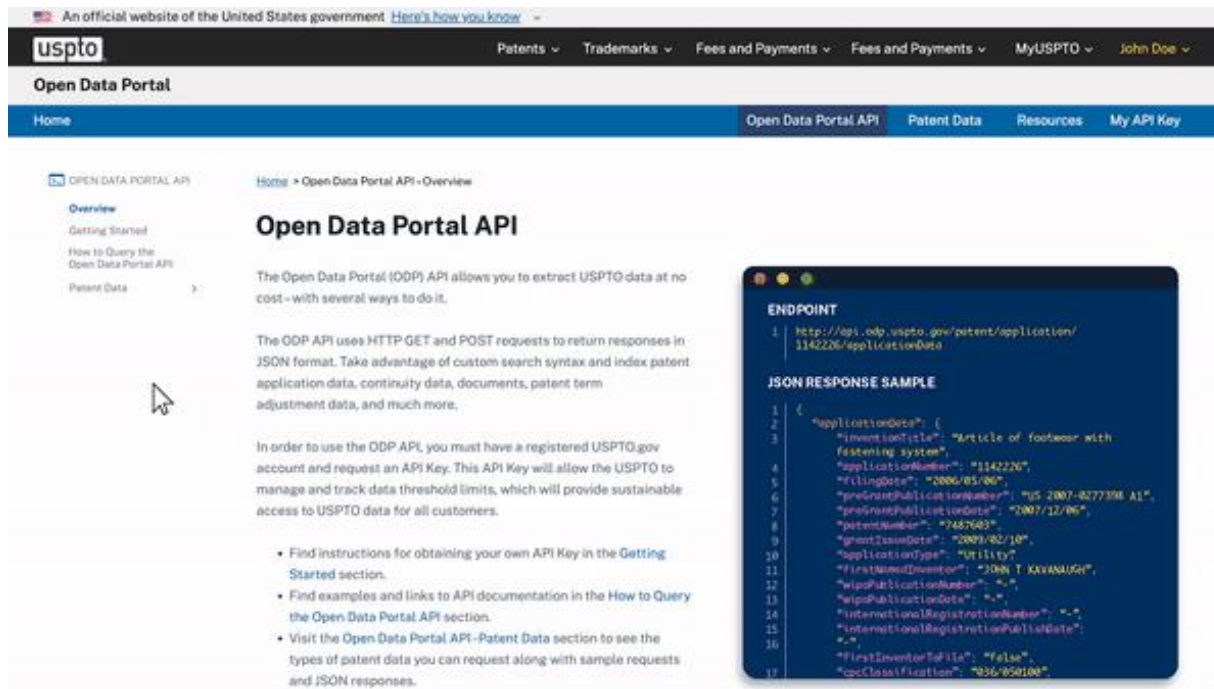

Features

- Human-Centered Design using USPTO Design System
- Drupal Content Management System (CMS)
- Apache Solr for indexing & search
- 508 Compliant and responsive design

USPTO Open Data Portal

Public URL: developer.uspto.gov

- Company Overview
- Capabilities
- Our Clients
- Our Works
- Leadership
- Contact Information

Background

Since 2016, our team had an active role in the design, architecture and launch of the USPTO Open Data portal. It is the unified platform of all public patent and trademark data that is used by millions of users.

Features

- Human-Centered Design using USPTO Design System
- REST API
- Drupal Content Management System (CMS)
- RPA Pipeline to process data
- Apache Solr for indexing & search
- 508 Compliant and responsive design
